# SMART SAFE POWER

Furrion's new **SMART** technology brings unique innovations to the shore power and specialized electrical industry

## **Faultsmart™** Neutral Loss and Reverse Polarity Indicator

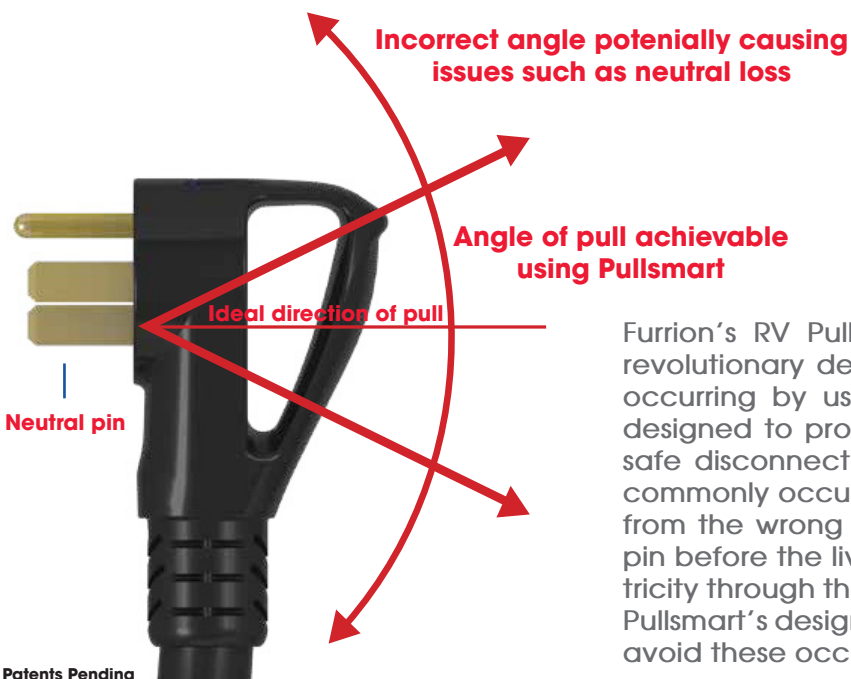

Furrion's Faultsmart feature includes a bright blue LED power indicator and a bright red LED reverse polarity and neutral loss indicator. The red LED suggests incorrect flow of electricity due to incorrect wiring. This provides the user with an instant warning and reduces the risk of damage to electrical equipment or the likely consequence of an onboard fire.

Patents Pending

## **Powersmart™** Dual Voltage Indicators

Furrion's Powersmart bright blue LED voltage Indicators on each live leg provides the user with instant indication that power is present. In blackout situations these super bright LED's helps to determine whether the fault has occurred at the power source or on your equipment.

Patents Pending

## **Pullsmart™** Safe Disconnect

Furrion's RV Pullsmart Safe Disconnect Feature is a revolutionary design which helps prevent neutral loss occurring by user error. The plug handle has been designed to provide the user with a quick, easy and safe disconnect from the power source. Neutral loss commonly occurs when the user disconnects the plug from the wrong direction thus pulling out the neutral pin before the live pins which creates a surge of electricity through the connection burning out appliances. Pullsmart's design helps to create a pull angle that can avoid these occurrences.

## **Powersmart™** Voltage Indicator

Furrion's Powersmart bright blue LED voltage Indicator provides the user with instant indication that power is present. In blackout situations this super bright LED helps to determine whether the fault has occurred at the power source or on your equipment.

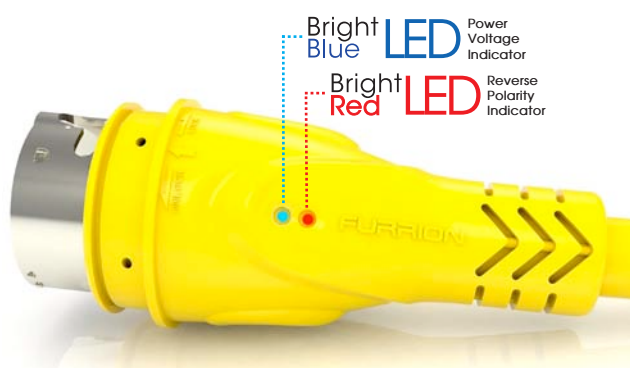

## **Powersmart™** Voltage Indicator

## **Faultsmart™** Neutral Loss and Reverse Polarity Indicator

Furrion's Faultsmart feature includes a bright blue LED power indicator and a bright red LED reverse polarity and neutral loss indicator. The red LED suggests incorrect flow of electricity due to incorrect wiring. This provides the user with an instant warning and reduces the risk of damage to electrical equipment or the likely consequence of an onboard fire.

Patents Pending

Furrion will plant a tree for every 50 amp marine product sold to offset the carbon emissions for the manufacturing and life-cycle of the product. Our concerns for the environment has channeled our efforts towards developing new, energy efficient products and also donating to global organizations such as Trees for the Future, that are showing communities how to utilize renewable energy sources

## Quality statement

Furrion's entire product range has been put through rigorous testing to ensure all products are made and comply to the highest quality and safety standards. Every Furrion product during production is subject to our 2000 Voltage spike test, with a resistance and continuity test completed after to ensure our products meet our long-term warranty requirements and surpass today's International Safety Standards. All plugs comply with National Electric Manufacturers Association (NEMA).

For more information on our quality control and our testing procedures please visit our website [www.furrion.com](http://www.furrion.com)

# Powersmart™ 30 Amp Cordsets

## Description:

Furion's 30 amp cordset range come with an optional Powersmart LED indicator system on both plug and connector. These LEDs indicate when power is present. Furion Cordsets are made to the highest quality standards for long life use backed by Furion's 5 year warranty.

## Features:

- Furion's Powersmart system comes with a LED on both plug and connector
- Plugs and connectors designed with side grips for easy, user friendly connection
- Available in standard yellow or Furion's Titanium color
- Weatherproof storage bag included with every 30 amp 12ft cordset
- Universal fit with all other brands

## Specifications:

30A rated up to 600v, 105°C  
30A 10/3 STW  
15A rated up to 300v, 105°C  
15A 14/3 SJTW  
NEMA L5-30 (30 amp)  
NEMA 5-15 (15 amp)  
UL and CUL certification

**Universal fit with all other brands!**

## Product Coding and Pin Configurations:

### 15 amp 125v extension cordset

50ft FP15EX-SY (yellow)

### 30 amp Powersmart 125v cordset with Powersmart LED

25ft F30C25-SY (yellow) / F30C25-SS (Titanium)  
50ft F30C50-SY (yellow) / F30C50-SS (Titanium)

## Description:

Furrión's 50 amp marine cordsets come standard with Powersmart blue LED indicators to indicate when power is present. The new 125v marine cordset also has the added feature of a reverse polarity and neutral loss indicator for immediate alert of a potential problem from the power supply. Furrión's 125/250v cordsets includes two LED indicators to provide indication of each live leg of the power supply. Furrión's Marine cordsets are designed and specifically made to withstand the harsh marine environment and outdoor applications to provide long life use.

## Features:

- Powersmart bright blue LED voltage indicators (125/250v cordsets)
- Faultsmart reverse polarity and neutral loss indicator (125v cordsets)
- Plugs and connectors designed with side grips for easy, user friendly connection
- Universal fit with all other brands
- Manufactured using marine-grade materials

## Specifications:

# Pigtail Adapters

## Description:

Pigtail adapters are used to convert different plug and connector pin configurations. Pigtails also come with Furrion's Powersmart system. These products are made to the highest quality standards for long life use backed by Furrion's 5 year warranty.

## Features:

- Furrion's Powersmart LED indicator
- Plug and connectors have side grips for easy, user friendly connection
- Available in standard yellow or Furrion's Titanium color
- Weatherproof storage bag and cable strap included with every 50 Amp pigtail adapter
- Universal fit with all other brands

## Specifications:

# One Piece Powersmart™ Adapters

## Description:

These adapters now have an LED power indicator feature. They are made to industrial quality for strength and long lasting use, backed by Furrion's 5 year warranty.

## Features:

- Furrion's Powersmart LED indicator
- Industrial strength and quality
- Universal to all other brands

## Specifications:

Rated: 125v  
Casing: PC  
Blades: Nickel plated brass  
Plugs made to NEMA standards

**Universal fit with all other brands!**

\*Only when applicable

## Product Coding and Pin Configurations:

**NEW! Powersmart™  
Voltage Indicator**

## Power Usages Include:

- Cell Phones
- TV
- Handheld lights
- Radios
- Faxes
- Gaming systems
- Laptops
- CD players
- Fans
- Scanners
- MP3 players
- Many other uses

### 12V 6 foot coil cordset

- Plugs into 12V power receptacle

F12P6CE

### 12v triple receptacle

- Turn your vehicle's 12V Power Source into a triple outlet!
- Plugs into 12V power receptacle
- Charge your cell phone, laptop and CD player simultaneously
- Convenient 90° swivel plug
- Adapts a single 12V source into 3 outlets

F12PTR

### 12V dual receptacle "Y" adapter

- Plugs into 12V power receptacle
- Instantly doubles DC outlets

F12PTWRY

### 12V 4 foot cordset

- Plug (M) to plug (M)

F12MMA4

### 12V receptacle with battery clamps

- Provides 12V DC power outlet by clamping to your 12V battery posts

F12RB

### 12V receptacle

- Mounting bracket included
- Furrion's unique metal front plate

F12VR

# Power and Data Inlets

## Description:

Furrion's new shore power inlets are modern and sleek with a futuristic look and feel. These inlets are manufactured to withstand harsh marine environments and constructed with high quality marine-grade materials. These stylish inlets feature a voltage indicating LED to show a live connection

\*Stainless steel inlet does not include LED

## Features:

- Furrion's Powersmart LED indicator
- Furrion's sleek, modern design
- Available in polished stainless steel and non-metallic materials
- Universal fit for industry standards

## Specifications:

Plastic inlet:

Logo plate: 316 marine grade Stainless Steel

Outer casing: Fibre filled UV stabilized polyester

Stainless steel inlet:

Outer casing: Hand polished 316L marine grade stainless steel

Rear and internal parts:

Plug Inserts: PC (CTI greater than 600v)

Rear enclosure: PA - UL flammability rating 94v-0

Terminals and pins: Nickel plated brass pins for corrosion resistance

Tested to marine UL498 and CSA C22.2 standards

**The New hand polished, mirror finished stainless steel inlet series from Furrion featuring a quick-lock sealing cap**

# Automatic Transfer Switch

## ATS AUTOMATIC TRANSFER SWITCH

## SMART SAFE POWER

- **Vibration Resistant Brass Terminals**
  - Designed to withstand vibration from RV
  - Reduces the risk of loose terminals arcing
- **High Copper Content Brass Terminals**
  - Brass terminals reduce operating temperature range compared to other terminal materials used.
  - Improved thermal and electrical conductivity
  - Reduced risk of thermal event
- **Direct connection to the safety interlock contactors**
  - Less resistance in the circuit reducing heat
  - Improved thermal and electrical conductivity
  - Reduces risk of thermal event
- **Mechanical safety interlock prevents generator and shorepower source from contacting at the same time and provides stronger terminal contact**
- **UL94 fire resistant plastic casing**
- **Better quality and thicker silver contacts for longer durability in service**
- **Multiple cable strain punch out holes for easier and more installation options**

## Description:

Heavy duty marine-grade telephone cordset. Furriion's telephone cordsets are designed to withstand harsh marine environments

## Features:

- Cable comes with waterproof storage bag with every cable set for corrosion and damage protection
- Universal fit with all other brands

## Cable Specifications:

16/3 SJTW Weather and UV resistant  
Cable specs: rated up to 300v, 105°C

- Available in: 25ft and 50ft cable lengths

# RV Conversion Kits

Convert your hard-wired RV power cordset into an easy to use and store detachable electrical set up. No more struggling with heavy power cords in and out of small access doors!

## 30 Amp Conversion Kit FCKIT30-PS

30A Powersmart LED Square non-metallic inlet  
30A Male Plug  
Titanium Color Weatherproof Cover  
Electrical Box  
Exterior Inlet Mounting Ring and gaskets

## 50 Amp 125/250V Conversion Kit FCKIT52-PS

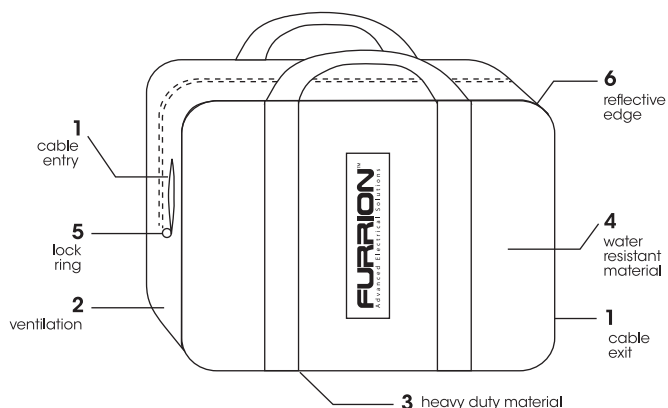

50A Powersmart LED Square non-metallic inlet  
50A Male Plug  
Titanium Color Weatherproof Cover  
Electrical Box  
Exterior Inlet Mounting Ring and gaskets

- Simple and easy installation
- Use your existing cordset
- Easier storage for your cable

# Shore Power Organizer Bag

## New Locking Features!

### Product Coding:

Organizing bag

FORGBG-SS

### Description:

With Furrion's shore power organizing bag you can now lock your cables to a desired location without having to worry about them being moved or stolen. The bag works using patented security products \*(sold separately). You never again have to worry about leaving your expensive equipment unsecured at the dock, site or yard. Your equipment can then be stored in the bag for weather resistant protection.

### Features:

1. Cable entry and exit access holes in each end of the bag
2. Ventilation for drying moisture
3. Heavy duty material to help prevent damage and give added security and strength
4. Water resistant material helps to prevent corrosion of your equipment
5. Water resistant secure lock system used in conjunction with the bag's security features \*(sold separately)
6. Reflective edge making it visible in dark locations

### Specifications:

#### Bag Specs

Materials: Heavy duty tarpaulin

#### Lock Specs:

Materials: Stainless steel and PA with PVC coating

## SignalSmart™ Anti-Interference Filter!

### Have you:

- Experienced poor TV reception
- Experienced lag in cable internet speeds

**Then use Furrion's SignalSmart TV cable!**

### Description:

Telephone and TV cables in marinas when run over long lengths act as antennas picking up unwanted radio signals which cause interference. These interference filters installed inline help reduce this interference and improve your connection quality.

### Features:

- Added inline interference filter improving reception
- Weatherproof RG59-U connectors for outdoor use
- Bonus Weatherproof bag for storage and protection
- Comes in standard yellow color and Furrion's titanium
- Universal fit with all other brands

### Specifications:

Cable type: Coaxial cable

Boat grade vinyl insulated for weatherproofing

Connectors: Slip on 'F' type male connections with protective cover

**Bonus Weatherproof storage bag!**

# Portable Cable Ramp

**Non-rip storage bag included**

## Have you:

- Protected your expensive cables against unwanted damage
- Attempt to prevent accidents from tripping over your equipment
- Protect yourself against painful liabilities from the negligence of laying cables across pathways or open spaces without any attempt to warn of the obstruction

**Bonus storage bag!**

**Fits up to 2 x 200 amp cables**

## Product Coding:

FRAMP-SS

**Patent Pending**

## Description:

Furion's portable cable ramp has amazing industrial strength, is lightweight and packs into a small bag for easy storage and portability. With its adjustable sizes and the ability to join several ramps together, the ramp provides protection for a wide variety of applications. The Portable-ramp has also been designed for mounting permanently when needed and light reflecting signs on the surface for night visibility. The Portable-ramp has all the necessary features to protect yourself against unwanted damage to your equipment and prevent any painful and expensive personal liabilities.

## Features:

- Adjustable widths for different sizes
- Quick connect system for joining multiple ramps together
- Portable use or permanently mounted
- Light weight & amazing industrial strength: Tested up to 2 tonnes
- Packs up and comes with compact storage bag
- Reflecting surface symbols for night visibility
- Shows an internationally recognized warning symbol
- Rubber feet for added traction and ramp stability

**Amazing Features!**

## Specifications:

Length of Ramp: 1ft 10"

Weight: 4.8 kg / 10.56 pounds

Tested single load: up to 2 tonne

Tested vehicle weight: up to 4 tonne

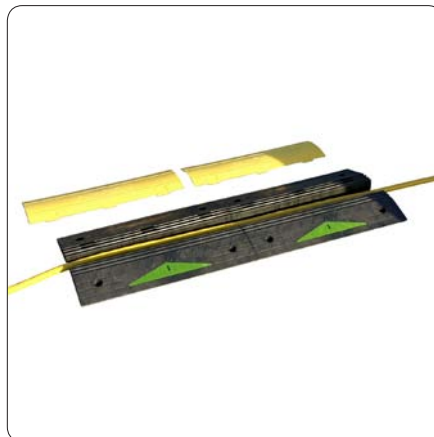

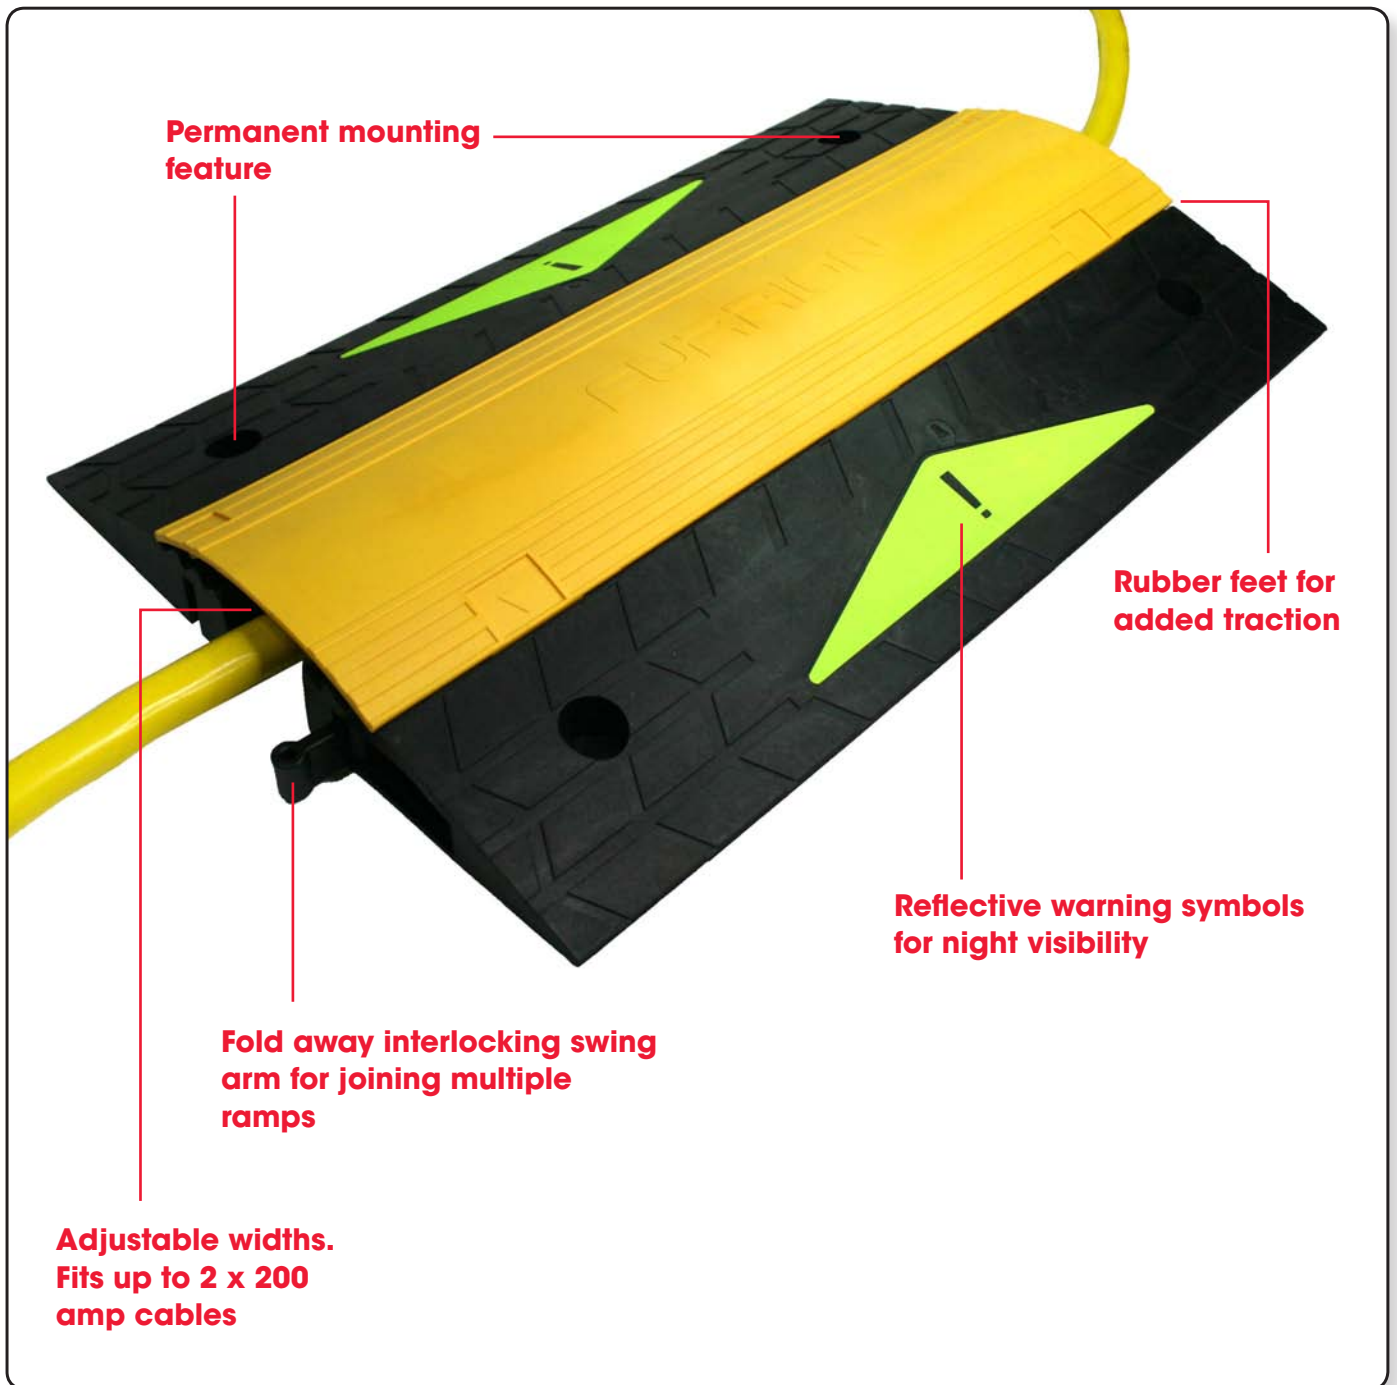

Material: Fibre filled nylon

Unlimited length with joining ramps

Cable channel width: adjustable from 2 inch to 3 3/4 inch

## 3-sided Swivel Display

This rotating POP is low profile so that it does not obstruct views in store. This 3-sided display fixture takes up limited space and comes complete with product hooks.

Furrion Marine POP display fully loaded order # FDMPOP06

Furrion RV POP display fully loaded order # FDRPOP02

See pages for 35 - 36 for product details!

## 3-sided Swivel Display

This 3-sided rotating POP display fixture takes up limited floor space whilst maximizing merchandising footage. It comes complete with product hooks.

- Height: 191 cm / 75 in
- Base diameter: 60 cm / 24 in

Customized planograms available upon request. See your local distributor for more details

## 2-sided Display

This spacious, double-sided POP is great for displaying larger Furrion products. Side banners explain Furrion's features

- Height: 167 cm / 66 in
- Width: 46.5 cm / 18 in

Customized planograms available upon request. See your local distributor for more details

## Wall Display
